

SHIP UNLOADER - INDONESIA

## CLEAN AND EFFICIENT UNLOADING IN INDONESIA

Siwertell was awarded this contract for a multi-cargo barge unloader by Korea Heavy Ind. & Constr. Co Ltd., to be used for the unloading of limestone, coal, gypsum, silica sand and other cargoes

### About

With its unique screw-conveyor design and with totally-enclosed conveyors on the unloader, all requirement for a dust-free unloading without spillage could be met.

Shortly after this unloader had been put into operation it went through a successful performance test, where the unloader had to unload a minimum of 4000 tonnes of limestone from a barge of 4000 dwt, within two hours.
